

Size Of Each Rose

Your finished rose, whatever size you decide to make it, should be 8.5" x 11."

Supplies Needed

Applique Pressing Sheet

Fabric - scraps in colors for your roses

Fusible Web

Decorative thread - optional (highlight your roses by adding beautiful machine stitching)

Applique Instructions

First, you need to create the rose. The rose is pieced, using a pressing sheet. The applique sheet allows you to create intricate applique quickly and easily. For each rose, number the pieces in the order you will be placing them onto the sheet. Create one rose petal at a time. Trace individual rose pattern pieces. Remember to extend the edges of pieces that overlap with other pieces.
